

## WOODLAND CUT PLANK WIDE PLANK FLOORING

### SPECIFICATION SHEET

# CIRCULAR SAWN CHERRY

## TRADITIONALLY MILLED – THE WAY THEY USED TO DO IT

To create our rustic, Circular Sawn Cherry we run our Cherry hardwood planks through an antique, 60-in. saw blade to replicate the rustic look of early milling. With stunning red-brown tones, accented by pale brown and pink sapwood, this cherry wood flooring will lend itself perfectly to any room where you want to create a traditionally aged, yet elegant atmosphere.

### DISTINCTIVE ATTRIBUTES

Our wide plank flooring is sawn from select, fully mature wood timbers. This flooring features unique, swirling grain patterns, saw marks, knots, occasional worm holes, natural face and end checking and naturally occurring over/under wood which creates the dynamic authentic old world appearance of this product.
