## ANTIQU RECLAIMED COMMON GRADE HEART PINE

### RECLAIMED FLOORING – AUTHENTIC FROM VINTAGE STRUCTURES

A testament to the enduring legacy of America’s Industrial Revolution, our hardwearing Heart Pine hardwood flooring has been reclaimed from the factories and mills that powered our nation’s manufacturing base. Its use in vital support beams confirms its strength and durability. In your home, Antique Heart Pine’s superbly tight grain and lavish, tawny shade will lend its charming allure to virtually any style, transforming the room it graces into a warm, welcoming haven.

### DISTINCTIVE ATTRIBUTES

Our Antique Heart Pine wide plank flooring is recognized for its intense yellow-orange color and a grain so tight that it often possesses more than seven growth rings per inch. This hardwood pine reclaimed wood flooring also features sound knots, cracks, nail holes and can be ordered in common or select grade surface. **NOTE:** Our Common Grade will contain a heavier mix of knots and other natural character markings while our Select Grade Antique Heart Pine flooring will be more uniform in appearance.
