RECLAIMED AUTHENTIC BARNWOOD

MIXED SOFTWOOD BLEND BARN SIDING

Our mixed softwood blend of reclaimed barn wood siding is sourced from old barns and ranches. Its light weight and thin profile make this reclaimed wood paneling one of our most popular options for DIYers looking to add a decorative accent to their project. Reclaimed softwood barn wood has an authentic old reclaimed patina face which results in barn wood with lots of variation in color, age and texture. Expect nail holes and an overall weathered appearance.

BARN SIDING SPECS:

Hand-selected from weathered barns of the American Northeast, each board is individually inspected and graded to ensure durability, preservation and long life.

BOARD WIDTHS	3" - 7" random widths
BOARD LENGTHS	1' - 8' (random lengths, up to 8')
