

Antique OAK HIT-SKIP

RECLAIMED FLOORING – VIRGIN TIMBER FROM AGED STRUCTURES

The strength, durability, and availability of the massive oak trees that populated the early American forests made it the go-to timber for barn and granary construction. The mighty Oak is as much a part of Americana as the barn itself.

Meticulously curated from the reclaimed joists, rafters, granary boards, siding and floor-boards of old barns and other historic wooden structures, reclaimed Antique Oak Hit Skip flooring presents a reclaimed oak experience that preserves much of the original rustic surface textures while simultaneously revealing the beauty of the raw virgin timber underneath.

DISTINCTIVE ATTRIBUTES

A combination of white and red oak, Antique Oak Hit Skip flooring is characterized by a mixture of original distressed surfaces and revealed smooth surfaces, original nail holes, sound cracks, checking, wormholes. It presents a variety of rustic colorations and surfaces, with varying grain patterns and tight knot structure. All white oak or all red oak available upon request.

SOLID FLOORING SPECS:

Our reclaimed flooring is 100% virgin timber taken from old wooden structures such as barns and factory buildings.
