

UV Standard Prefinish Stallion Plank

UV Natural Oil Prefinish Stallion Plank

Stallion Plank

SIGNATURE FLOORING – HARDWOOD HONORING AN AMERICAN ICON

Along with the farmers came two staples in American history: the barns that dotted the landscape and the horses that worked side by side with them. While some horses worked hard plowing fields, carrying soldiers into battle, or transporting pioneers across unexplored territories, some horses escaped into the wild.

These escaped horses came to be known as mustangs, an American symbol of freedom, strength, and pioneer perseverance.

DISTINCTIVE ATTRIBUTES

The Stallion Plank presents a bold hardwood flooring experience like no other. This product features distressed surfaces and unique features such as original nail holes. Variations of color and surfaces, and varying grain patterns are found in this beautiful flooring as well.
