

WOODLAND CUT WIDE PLANK FLOORING

Water-based Polyurethane Pre-finish

Natural Oil Pre-finish

Oil-based Polyurethane On-Site Finish

Unfinished

# HICKORY (circular sawn)

## WOODLAND CUT FLOORING – THE WAY THEY USED TO DO IT

Characterized by a blend of light and dark tones and smooth, robust grain patterns, our Woodland Cut Circular Sawn Hickory presents a wood of unparalleled strength and hardness in its most rustic form. Woodland Cut Circular Sawn Hickory brings to your home the towering grandeur of the oak-hickory forests that dominate America’s East and Midwest.

### DISTINCTIVE ATTRIBUTES

This wide plank walnut flooring is milled from fully matured and responsibly sourced logs that are plain-sawn through and through using a 60-inch circular saw blade--imparting its rustic saw-mark texture. Hickory features wide variations in color – from blondes to deep russet tones – and a delicate balance of sound knots and natural checking. It is the strongest wood commercially available.

SOLID FLOORING SPECS:	
Replicating early pioneer sawing practices, our Woodland Cut flooring is plain-sawn from fully mature, slow-growth timber.
