

SHOU SUGI BAN

NAGOYA

SHOU SUGI BAN – FEATURING KEBONY WOOD

Nagoya by Reclaimed DesignWorks features Kebony shou sugi ban specifically designed to create a beautifully charred aesthetic. Nagoya can be used for exterior siding. Kebony shou sugi ban exterior siding is a beautiful wood recommended by leading architects. It is sustainable, durable and requires no maintenance beyond normal cleaning. Kebony's performance has been proven in a variety of applications including decking and cladding.

DISTINCTIVE ATTRIBUTES

RDW's Shou Sugi Ban offering features cypress, western red cedar, Accoya, Kebony, black walnut, red oak, white oak and reclaimed hemlock that is burnt in the Japanese tradition of shou sugi ban. Our award-winning charred products pay homage to the traditional Japanese technique of "shou-sugi-ban" aka "yakisugi" without being literal. Historically very specific in their definition, "shousugi-ban" and "yakisugi" have become common nomenclature for modern charred wood designs in general.

NAGOYA SPECS:

Shou Sugi Ban flooring is created using a Japanese wood burning technique to yield a unique texture and appearance.
